what's my prediction!

Greetings **sign**. The stars have big plans for you this coming February.

This month you can expect **adjective** energy and may find yourself caught up with your own potential!

Don't worry as **number** and **number** are your lucky days this month and may bring you good fortune if you play your cards right.

As a **sign**, February is the perfect month for you to meet someone new. Be on the lookout for someone with **favorite color** hair. They just might be your soulmate! If you **verb** enough, you're sure to encounter them!

While things might look good for you this month, it's crucial that you avoid **plural noun** or else your entire life might fall apart and even the cosmos cannot save you.

Best of luck **sign** !
